Private coaching rates & access

RAY LIFE COACHING, LLC | Remember Authentic You

Choose a contribution that fits your resources and responsibilities. Every tier includes the same care and attention in a 60-minute private coaching session.

Per 60-minute session	Virtual	In person
Supported	$97	$157
Sustaining	$157	$217
Pay-it-forward	$197	$257

In-person sessions are $60 more at every tier.

Which tier fits?

Supported: Choose this when paying the sustaining rate would strain your ability to meet essential needs. Consider debt, caregiving, income stability, and access to support. Reduced-rate appointments are limited.

Sustaining: Choose this when you can meet your needs and comfortably make room for coaching. This is the standard rate supporting the ongoing work.

Pay-it-forward: Choose this when you have room to contribute more. Your extra $40 above the sustaining rate helps fund supported-rate and scholarship appointments.

You choose your tier. Ray confirms availability.

This is a trust-based system; no income documents or proof of hardship are required. Your rate and availability are confirmed through your discovery call and intake form before payment is processed or coaching sessions are scheduled.

Need additional support?
